2016/2017 Year End Report - Bulb Committee

The Bulb Committee is pleased to report that it made or exceeded its three goals

- 1) The goal of offering more unique and deer resistant bulbs in the fall bulb sale was a hit, with many items sold out in advance of the September meeting.
- 2) The goal of \$2200 for both the bulb sale and the indoor growing kit sale was exceeded. The net to the club was \$2609
- 3) Bulb sale related items were collected from the former storage facility, and they are now in our possession. Most items were non-reusable and have been disposed of. Storage/sale racks and some sale items are inventoried.

Respectfully submitted,

Sharon Hawkins
