

## **FLOWER SHOW COMMITTEE 2016-17**

Due to the heroic effort of Members of the Lake Minnetonka Garden Club during the 2016 GCA Annual Meeting under the superior leadership of Betsy Massie, headquarters gave us a pass hosting a 2017 Flower Show.

As we all appreciate the incredible community that we a part of, a special thanks goes to Melissa Johnson for picking up an additional responsibility of organizing a successful workshop with Art & Flowers at November meeting.

Another debt of graffitted goes to Helen Waldron for organizing a fundamental flower arranging workshop in Mitzi's garage yesterday morning. Helen wowed the group with her organizational skill, yes, each arrangement had an exact count of material as she showed us how to maximize stock, preparing the material a day before and adhere to GCA flower arranging guideline. Her enthusiasm for the art of flower arranging is one of the reasons why we are a member of GCA

Respectfully submitted,

Mimi
