

Flower Show Chair 2017-2018 Cindy Pratt Annual Report

1. My goal was to plan a fun, floral event by having members decorate a hat to wear to the May 17, 2018 meeting. 46 members outdid themselves with their creativity. There were 7 categories on the schedule, one exclusively for this years new members. Members paraded, by category, to the music of Stevie Wonder singing "Isn't she lovely" as well as five other songs. We had signage for each category and those with that type hat paraded thru the runway to the clapping of the assembled.
2. the 2nd goal was to plan a floral design workshop. Helen Waldron gave 18 participants tips on the mechanics which could be used in decorating a hat. It was offered a week before the membership meeting, to give people time to plan their entry. It took away the 'fear factor' of doing something new. All the attendees of her workshop had entries. Many of them attributed the workshop to give them the courage to enter into the event.
Thanks you's to Helen Waldron, Alison Humphrey for hosting the workshop, to Heather Haeg for creating the playlist of music, and to Betsy Massie for allowing a runway thru her rooms!
