

The Lake Minnetonka Garden Club  
Historian  
Annual Report  
June 2017-2018

The Historian found and organized missing Board meeting and Member meeting minutes as well as the LMGC Yearbooks from years 2010- 2016. These files are complete and up to date.

The LMGC archives that are housed in the Wayzata Historical Society were organized. Discussions about how and what to digitize moved forward. After research, it was decided that the archives will remain as they are and as we begin next year with a new website we will be electronically saving information.

We had a great showing of volunteers for our once a month Saturday volunteer commitment with the Wayzata Historical Society.

We updated rewrote the Historian's Job Description

Communications, Photography and Historian were brought together to brainstorm and come up with a plan on how to document and digitize future meetings, events and P. R.

Respectfully submitted ,

Lisa Melamed
