

2020 Awards Committee Report

As Chair, I served on the board and attended meetings. I asked for suggestions for possible award recipients. I consulted with our President, Mimi Keating, on the list of candidates for awards. I filled out the proposals on line and communicated with the awards zone chair on dates and how this was to be handled during the pandemic. Since the GCA office in NYC is not open yet, I received the awards as pdf files that were printed out by me for our recipients. I got frames and a potted rosemary plant for each recipient of service awards. These are to be delivered to homes or picked up at Woodhill at our revised annual meeting due to the Corona virus.
