

## Garden History and Design & Visiting Gardens Annual Report May 2025

A quick update re: Kelley & Carmichiel Smithsonian Garden submission:

We met last week and we are rolling. Cheryl is working on a nice, charming map of the property, noting garden features and areas. Harriet is taking lots of photos per season, including photos of the areas that are noted on the map. I met with Arla and Steve and will write the garden history-story part of the submission.

The name of the garden is Bide-a-Wee.

We want to have info gathered by the end of the summer. We have a google drive set up for a pool of photos so we can choose what to submit to the Smithsonian and use for a photo book for Steve and Arla when we finish...

Please let us know if you have questions... Cheryl is our leader!
